

LinHES - Bug # 326: pacman -Syu failing to update

Status:	Closed	Priority:	Normal
Author:	tweak	Category:	
Created:	04/14/2009	Assignee:	
Updated:	04/14/2009	Due date:	
Description:	<p>My functioning install stopped updating so I did a clean from CD install and I'm getting almost the same error.</p> <p>By running "pacman -Syu", it does find the available packages, but eventually errors with the following:</p> <p>(59/59) checking for file conflicts [#####]100%</p> <p>error: could not prepare transaction</p> <p>error: failed to commit transaction (conflicting files)</p> <p>fb splash: /etc/conf.d/fbsplash.bootsteps exist in filesystem</p> <p>Errors occurred, no packages were upgraded.</p>
