| **Description:** | I am trying to get a diskless frontend working and need DHCPD<br><br>Could we have that added?<br><br>Thanks | | |

## History

**06/21/2009 02:29 pm - jams**

it's already there

**06/21/2009 02:44 pm - iscraigh**

I can't find it I find dhcpcd but that appears to be the client side

 pacman -Sy dhcpd

:: Synchronizing package databases...

 core-testing is up to date

 extra-testing is up to date

dhcpd package not found, searching for group...

error: 'dhcpd': not found in sync db

Perhaps I am just out to lunch the diskless script calls for dhcpd

**06/21/2009 02:49 pm - jams**

core-testing/dhcp 4.1.0-1

    A DHCP server, client, and relay agent

core-testing/dhcpcd 3.2.1-10 (base)

    A DHCP client daemon

I have added dhcp and tftpd-hpa PKGBUILDs for use with the diskless script. Can someoue with a dev box (cesman? jams?) please build.

iscraig: You can build from the PKGBUILDs if you want to try before binary packages have been uploaded. See:
