

## LinHES - Bug # 496: provide alternate hdd descriptive text

<b>Status:</b>	Closed	<b>Priority:</b>	Low
<b>Author:</b>	Human	<b>Category:</b>	
<b>Created:</b>	08/12/2009	<b>Assignee:</b>	jams
<b>Updated:</b>	03/25/2010	<b>Due date:</b>	
<b>Description:</b>	Technical users will know what sda, sdb, sda1, sda3, etc. mean, but it might help to replace these Linux device references with human-readable info, e.g.:  "Warning: sda1 will be erased" --> "Warning: OS partition (sda1) will be erased"  I can write up specifics if needed.
