LinHES - Bug # 590: mediaserv does not work by default

Status:	Closed	**Priority:**	Normal
Author:	nharris	**Category:**	Other

Updated:	03/21/2010	**Due date:**	
Description:	mediaserv did not work by default for me on a 6.01 fresh install. I had to edit two lines in /usr/bin/mediaserv script as follows: my $baseDir = '/myth/mediaserv/media'; $DATA_DIR = '/myth/mediaserv'; That seems to make everything appear in the web interface.
