

LinHES - Bug # 629: Reinstate lost mythinstall functionality

Status:	Closed	Priority:	Normal
Author:	GregFrost	Category:	
Created:	02/24/2010	Assignee:	jams
Updated:	03/20/2010	Due date:	
Description:	<p>Incorporate patch to reinstate functionality that was lost in the 0.22 version of mythinstall: folding@home modelines parsed from xorg log timezone stuff</p> <p>This has been incorporated as a patch in the PKGBUILD, but jams will probably want to migrate these changes into his git repo.</p> <p>Jams, can I urge you to release versioned tarballs from your repo instead of directly checking the repo into the PKGBUILDs src area? It makes it very difficult to patch. I must have downloaded from your repo 25+ times to sort this stuff out. Either that or go back to configuring the files in the LinHES PKGBUILD tree.</p>
