

LinHES - Bug # 707: Service Menu > LinHES Config Not Working

Status:	Closed	Priority:	High
Author:	mihanson	Category:	Packages: Core
Created:	07/03/2010	Assignee:	
Updated:	12/12/2010	Due date:	01/10/2011
Description:	Just installed the latest from the testing repos (2010-July-03 22:00 PT) and Service Menu > LinHES Config is not working (Not compatable with mythtv libs). Mythstream does not work either, but I can't say if that's due to the same issue as I rarely ever click on it.		

History

mythnetvision and mythstream do not work either. From my frontend logs:

```
<pre>2010-07-03 22:52:11.869 Plugin mythnetvision (0.23.20100429-1) binary version does not match libraries (0.23.201000617-1)
2010-07-03 22:52:11.889 Plugin mythstream (0.23.20100429-1) binary version does not match libraries (0.23.201000617-1)
</pre>
Looks like an extra zero after 2010... 2010*0*0617-1
```

FWIW, I see a bunch of this in the logs too:

```
<pre>2010-07-03 22:52:11.662 Cannot load language en_us for module mytharchive
2010-07-03 22:52:11.667 Cannot load language en_us for module mythbrowser
2010-07-03 22:52:11.721 Cannot load language en_us for module mythgallery
2010-07-03 22:52:11.862 Cannot load language en_us for module mythmusic
2010-07-03 22:52:11.875 Cannot load language en_us for module mythsmolt
</pre>
```

In my settings table, all data matching en_us is in all caps. EN_US

07/04/2010 09:37 am - brfransen

same issue for mythmovies

07/06/2010 07:02 pm - brfransen

- Due date set to 08/08/2010

- Status changed from New to Closed

- Target version set to 7.1
