

LinHES - Feature # 882: KMS for intel/plymouth

Status:	Closed	Priority:	Normal
Author:	jams	Category:	Other
Created:	12/11/2012	Assignee:	jams
Updated:	12/11/2012	Due date:	
Description:	Instead of using vesa module, use the intel driver for KMS/plymouth.		

History

12/11/2012 05:41 pm - jams

- Status changed from *In Progress* to *Closed*

Added plymouth_config, which is called from xconfig.sh

This program will set the correct driver in the initrd for kms usage.

All cards will use vesa, except for intel which uses i915.
