

## LinHES - Bug # 887: mythzoneminder will not run without mythzmserver

<b>Status:</b>	Closed	<b>Priority:</b>	Low
<b>Author:</b>	jams	<b>Category:</b>	Packages: Core
<b>Created:</b>	12/21/2012	<b>Assignee:</b>	jams
<b>Updated:</b>	12/22/2012	<b>Due date:</b>	
<b>Description:</b>	Add support for running mythzmserver & config		

### Associated revisions

#### 12/22/2012 07:59 am - jams

LinHES-config: added support for configuring mythzmserver to myth\_settings\_wrapper.sh. It will add the server and port to the settings table for each system that has mythzoneminder installed. Also modified mv\_software.py to setup zoneminder where needed and also mythzmserver

refs #887

#### 12/22/2012 08:00 am - jams

mythplugins: removed zoneminder as a dep for mythzoneminder. If zoneminder needs to be installed it's taken care of with mv\_software.py

refs #887

### History

#### 12/22/2012 08:01 am - jams

- Status changed from New to Closed

mythzmserver config and install is now handled by mv\_software.py

When mythzoneminder is installed via the service menu mv\_software.py handles the details of auto configuration.
